Informed Consent, Treatment Agreement & Authorization

(Rev. 0819)

I am very pleased you have selected me as your Licensed Professional Counselor. This document is designed to inform you about my background and to ensure that you understand our professional relationship, policies and practices for the services provided in my private, professional counseling practice.

I hold a Bachelor of Science degree in Psychology from the University of Georgia and a Masters of Arts degree in Psychology with a Specialty in Counseling from the Georgia School of Professional Psychology. I have also studied psychology at the doctoral level for two years. I have been practicing as a professional counselor for 22 years since obtaining my Master's degree.

I am a Licensed Professional Counselor (GA #3659) and an American Board Certified Psychotherapist (#10213), a member of the Licensed Professional Counselor Association of Georgia, the National Board of Certified Counselors, and the Founder and President of the Behavioral Health Association of Forsyth County. I assure you that my services will be rendered in a professional manner consistent with accepted ethical standards. Sessions are 60 to 120 minutes in duration. Please know that *it is impossible to guarantee any specific results* regarding your counseling goals. However, together we will work to achieve the best possible results for you.

I have been a practicing clinical psychology since 1997. I only accept clients in my practice that I believe have the capacity to resolve their own problems with my assistance. I believe that as people become more accepting of themselves, they are more capable of finding happiness and contentment in their lives. However, self-awareness and self-acceptance are goals that sometimes take a long time to achieve. Some clients need only a few therapy sessions to achieve these goals, while others may require months or even years of counseling. As a client, you are in complete control and may end our professional relationship at any point. I will be supportive of that decision. If counseling is successful, you should feel that you are able to face life's challenges in the future without my support or intervention.

Although our sessions may be very intimate psychologically, it is important for you to realize that we have a professional relationship rather than a social one. Our contact will be limited to sessions you schedule with me. Please do not invite me to social gatherings or ask me to relate to you in any other way other than in the professional context of our psychotherapy sessions. Do not ask to "friend" me on any social media outlets. You will be best served while I am seeing you for psychotherapy if our relationship stays strictly professional and if our sessions concentrate exclusively on your concerns and goals. You will learn a great deal about me as we work together during your therapy experience. However, it is important for you to remember that you are experiencing me in my professional role.

Confidentiality:

Anything said to me will be kept confidential, with the following exceptions: (a) you direct me to tell someone else, in writing, (b) I determine you are a danger to yourself, or others, or (c) if a child or elderly person is being abused or is suspected of being abused or neglected, or if (d) I am ordered by a court to disclose information, at which time I am required by law to report the necessary information to the appropriate authorities. (e) Additionally, couples participating in marital therapy must be aware that by the nature of marital therapy goals secret disclosures that interfere or impact the goals of treatment must be disclosed to the spouse by the participant or therapist for resolution. Secrets create resentment and isolation, which undermine the marital therapy goals of uniting and building the relationship.

Finally, because I live in and actively serve in Forsyth County there is a strong chance that we will meet up in a public setting within this community. Out of respect for your confidentiality and our unique professional relationship, I will not acknowledge you.

Client Initials _____

The fee for each session will be due and must be paid at the end of each session. Reduced fees are available to clients experiencing financial hardship when slots are available. Reduced fee slots are limited. Cash, personal checks and all major credit cards are acceptable for payment. Checks are to be made out to **Lisa H. Meyer, M.A., LPC**. I will provide you with a receipt for all fees paid at the time of service. In the event that you will not be able to keep an appointment, **you must notify me 24 hours in advance** (inclement weather is the ONLY exception). I will make every effort to reschedule you within 24 hours when possible.

If I do not receive 24 hour, advanced notice, you will be responsible for paying for the session that you missed, and you will be invoiced electronically to the credit card on file.

Scheduling During a Holiday Week

I make it priority to meet with established clients as needs arise. Emergent situations and stress have no concept of time or any concept of where we are in a given calendar year. In attempt to provide the best and most comprehensive, accessible care, I do allow my clients to make appointments during holiday weeks that I am in the office, under the following condition:

In honor of my time and yours, my cancellation policy has the following addendum during **all** holiday weeks. Failure to cancel your appointment, scheduled during a holiday week, time-stamped **by 12 noon on the preceding Friday**, will result in you being fully responsible for the cancelled/missed session. You will be responsible for full payment and you will be invoiced electronically to the credit card on file for the missed session.

I do not accept health insurance reimbursement for any of my professional counseling services. In addition to the mountains of paperwork required for the insurance company, your confidentiality is my foremost priority. Insurance carriers often have to report their information to various agencies and especially to those paying for coverage (i.e., your employer, government). In this process many people may become aware of the intimate issues of our sessions. Additionally, many insurance agencies require that I diagnose your mental condition and indicate that you have an “illness” before they will agree to reimburse you. In the event a diagnosis is required I would have to inform the health insurance company, thereby making a diagnosis that would become a part of your permanent medical records. If you would like to file claim with your insurance company, **I will supply you with a detailed Bill for Service after each therapy session that you may submit to your insurance carrier for reimbursement.**
